

# Street Property.

## 11 Louisa Avenue Cardiff NSW

3 1 1

A home that you simply are unable to judge from the street.

Nestled in a green natural setting with so much to consider. A firepit, private grounds with a former chicken coop and reserve at the rear are the beginning. Fabulous rear verandah that allows you to survey the bushland and identify the birdlife.

Not for one minute overlooking the really interesting home itself.

Whilst a home of the 1960's a modern timber floor, renovated kitchen and three bedrooms are attractive. Off street carport accommodation for the car and a home that is welcoming the minute you arrive.

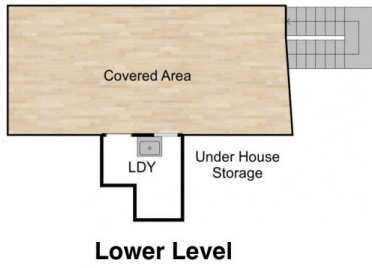

Definitely one for the must view list.
