The Foundry, bringing together the perfect blend for vibrant living.

These industrial-inspired apartments are the perfect fusion for a contemporary life. Both practical and stylish, they offer configurations of one, two and three bedroom apartments. The Foundry is confirmation that Adamstown is enhancing lifestyles for a new generation. Being within such easy reach of the beach, nature and CBD allows you to forge the lifestyle you want.

The Foundry apartments use a range of textured materials to create homes that are beautiful and practical. With a mix of 1, 2 and 3 bedroom apartments, they give you room to live. Designed to maximise daylight, the living rooms provide tall windows off spacious balconies while the brick provides excellent insulation. Take a quiet moment each day to watch the world go by.

Attractive and practical, these apartments offer you the flexibility to bring your eclectic style to life, with the freedom to decorate your way. The Foundry creates an excellent contemporary home, with large, open spaces that are comfortable and easy to care for. The robust materials are eye-catching, long lasting and low maintenance. The open plan living room and central kitchens make them easy to live in and great for entertaining.
